Seniors held a rummage sale, collected newspapers, and put on a dinner. Alumni were not forgotten. The four Homecoming queens from the class of 1976 participated in the half-time activities at the football game against Bolsa. Old-time alumni attended a before-game dinner and an after-game party. The regular Homecoming Dance was held for current students and recent graduates.

# Principal Jay Reed Supervised Argoland

In his poem "The Golden Mile-stone" Henry Wadsworth Longfellow says,

"We may build more splendid habitations,  
Fill our rooms with paintings and sculptures,  
But we cannot  
Buy with gold . . . the old associations."

As we travel through the joys of elementary school days, the excitement of high school years, the more adventurous college experiences, and the age of work-service-responsibility, it is so very simple to allow the encroachment of King Progress or Queen Success to be seen through the narrow spectacles of status, titles, possessions, and bank accounts.

Yet as one leaves high school, the most precious gems gathered will not be only the knowledge and the skills; also those gems will include the beautiful friendship memories that will last a lifetime

"But we cannot

Buy with gold . . the old associations."

# Staff Worked Hard to Produce Yearbook

Planning and publishing a yearbook is not something that just happens; it takes a tremendous amount of time and effort on the part of the staff and adviser—much more time than the average person realizes. The staff and adviser must put in hundreds of hours of time outside of the regular publications class to produce a quality yearbook. This year's staff has produced a book that we think rivals any of the past ARGONAUTS. It is not the biggest, but it is (because of inflation) the most expensive. We hope that you enjoy it. Remember that the final ARGONAUT deadline is in March, so that events taking place from April to June cannot be included.

# Freshmen Got Good Start in Argoland

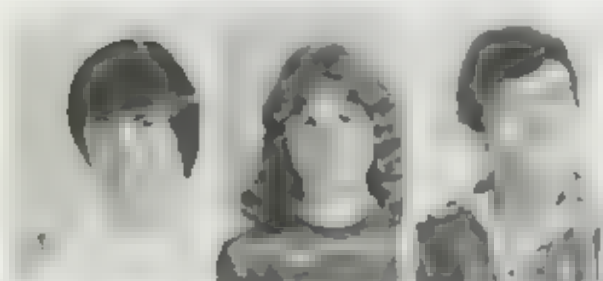

The freshmen came to Argoland for the first time this year and found it to their liking. They thronged to "Hello Daze," the welcoming dance for ninth graders, and showed much spirit and enthusiasm by participating in the many activities at GGHS. Their fund-raising events for Homecoming included a dance and a recreation night. The Class of 1980 was first in student body card sales and purchased more yearbooks than any other class. Their work and dedication brought them third place in the Homecoming contest. The frosh had representatives in all sports and other school activities. The educational aspect of Argoland was not neglected by the freshmen, who worked diligently to achieve good grades. Class sponsors were Mr. Phil Winkler, Mr. Terry Binley, and Mr. Sam Lum.

# Sophomores Were Active in Argoland

Argoland was a familiar and welcome place for most of the sophomores, who returned for a second year of education, activities, and athletics. Their spirit and involvement in school organizations and activities helped them to win second place in the Homecoming competition. The class sponsored a dinner-dance and had high yearbook, student body card, and candy sales. Sophomores had the privilege of ordering class rings to remind them of all the joys, challenges, and memorable experiences they acquired at CGHS. The athletic members of the class had a favorable year on the sporting fields, further fostering good attitudes, character and sportsmanship. Mr. Phil Dietrich, Mr. Dan Drake, and Miss Lisa Dembecki were class sponsors.

# Juniors Enjoyed Argoland Activities

Feeling right at home in Argoland, the junior class added much to the Argonaut spirit, showing up for school activities and participating in sports and student body organizations. Their Homecoming fund-raising activities included candy sales and a dinner, but not enough juniors took part in these and other events and the class came in last in the competition. Carrying out the Argonaut tradition, the Class of 1978 sponsored the Junior Senior Prom. The juniors ended the year looking forward to leadership in athletics, activities, and organizations when they return to Argoland as seniors. Class sponsors were Mr. Art Mollica, Mr. Mike Moses, and Mr. Mel Sothan.

# TOMORROWLAND

The Class of 1977 leaves ARGOLAND, some happy, some sad, some relieved to have made it through four years of high school. Going their separate ways, they will enter full time the world outside ARGOLAND, but they will remember Garden Grove High School and how it helped them prepare for their tomorrows.

# Class of 1977 One of Argoland's Best

The Class of 1977 showed itself to be quite a remarkable class. With the ceaseless patience, understanding, and help of class sponsors — Mr. Richard Miller, Mrs. Patricia Tingle, and Mr. Gary Craig — the seniors evinced their inner determination by earning first place in Homecoming, after having already taken second, third, and fourth place in previous years. They began with overwhelming enthusiasm in their freshman year and continued with their undying spirit throughout their sophomore year. As juniors they played in varsity sports and became the unchallenged leaders of the school in their senior year. Mr. Miller enjoyed working with the class and was very pleased with the enthusiasm and involvement displayed. He thought it was "the best senior class ever."

The Class of 1977 will travel "the long and winding road" in the future with memories of their four years at Argoland. They will be remembered in Argo history for their true spirit, dedication, and determination to strive for pride, performance, and the pursuit of excellence in all aspects of their high school years.

# Two Foreign Students Enjoyed GGHS

PATTY LEGY

Petri Vesa Johannes Eronen came to GGHS from Jyväskylä, Finland. Living with the Dr. Walter Ralston family, Petri found life in California very similar to life in Finland, the biggest difference being the climate and the food. Petri missed the snow and mountains of home and his favorite food, black bread. In his spare time, Petri was a member of the Foreign Exchange Club, the swimming team, and the Barbershop Chorus. After he returns to Finland in June, Petri plans to continue traveling, hoping someday to return to the USA.

Patty Legy visited Garden Grove from Mexicali, Baja California, Mexico. Staying with the Michael Cramer family, she enjoyed her stay in Garden Grove. Because her family lives so close, she was able to visit them on holidays and weekends. After she returns to Mexico in June, she plans to visit more of the United States.

HELPING HANDS. Dorothy Carrasco adjusts Patty's cap, and Mr. Todd Paddock talks to Petri about graduation requirements.

Established in 1948, the Bank of America Awards recognize and honor outstanding high school seniors whose scholastic attainment, sense of responsibility, and evidence of leadership give the most promise of future success and service to society. Top students are chosen in each of four general fields of study—Fine Arts, Liberal Arts, Science and Mathematics, and Vocational Arts—at the individual schools. While scholastic ability is a major factor

in the selection, participation in school and community activities is also evaluated to reflect the student's total accomplishments. Certificates are also given in other specific fields of study. General field winners receive personally engraved achievement plaques and become eligible for the zone selection event, in which winners may win cash awards of up to \$1,000, with all finalists receiving at least \$250.

# CLOSING THOUGHTS

As our final year comes to an end, we look back on the four years at GGHS with mixed feelings of sadness and joy. We will always remember our years at Grove as a time of maturing, loving, and learning.

In September we came to class confronted with the challenge of making a unique and quality yearbook which would depict the life of an Argonaut. Without the help of several people, we would never have succeeded, so we would like to thank the following people: Mr. John Thomas of Josten's American Yearbooks for his patience and advice, Mr. Richard Beem of Roberts Portraits for the pictures he supplied; and Mr. William F. Smith, our adviser, who was responsible for many of the ideas and most of the non-portrait pictures. We would also like to thank the entire staff for their time and cooperation and our advertisers for their monetary support.

As we go on in life, we will always remember our short stay at Garden Grove High. We hope that in the future, the 1977 ARGONAUT will help revive these memories for everyone.

Thank you,

*Dorothy Cannasco*
